Oct. 19-21

At Long Meadows Ranch
2335 Williams Way Blvd, Richmond, TX 77469

**CUB-O-REE
2018**

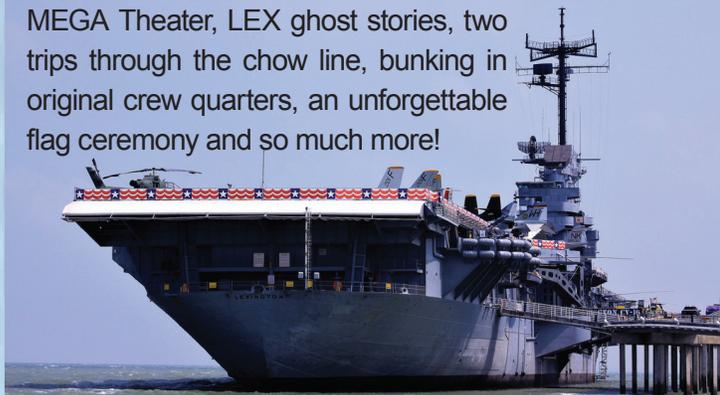

- \$25/scout – additional family is free!
- Payment due Oct. 12
- Each Scout must have one adult stay overnight with them.
- Family campout, siblings and parents welcome!

USS Lexington

Dec. 1

- \$55/person • Payment due Nov. 13
- Each Scout must have one adult stay overnight with them, but no siblings

An adventure awaits when you camp overnight on USS Lexington. Hear stories from the ship's illustrious past – covering topics like kamikaze attacks, the manpower it takes to navigate an aircraft carrier, and being named the “Blue Ghost” by Tokyo Rose herself. The chapters of this history lesson unfold over 11 different levels within the ship, giving curious minds a hands-on experience that reflects on the sacrifices made by that patriotic generation, builds camaraderie, inspires love of learning and is just plain fun! The itinerary includes tours of the ship, stories of historical events from her past, a scavenger hunt, a movie in the 3D MEGA Theater, LEX ghost stories, two trips through the chow line, bunking in original crew quarters, an unforgettable flag ceremony and so much more!

NASA

Jan. 26

- Wolves and Bears only
- \$59.95/Scout
- \$49.95/Adult
- Payment due Nov. 13
- Each Scout must have one adult stay overnight with them. One adult only, no siblings.

During this camp-in Scouts will participate in activities designed to meet most of the requirements for STEM NOVA “Out of the World” Award.

- Inspiration: Watch a documentary about NASA and space exploration in our large screen theater.
- Robotics challenge roving on Mars: Program a rover and transport materials across the Martian surface to supply an outpost.
- Star gazing: Look at the stars, moon and planets through telescopes and take home your own pinhole planetarium.
- Build and launch a model rocket: Each Scout will build a rocket to take home. Space Center Houston will conduct a rocket launch at the end of the night.
- Explore a science learning center: Your second day will include a private tram tour of NASA Johnson Space Center and general admission to Space Center Houston.
